Partnership in the framework of the eMS system

SZEGED
23.06.2017

If you decide to apply within our programme, you will have to submit your application online, through eMS (electronic monitoring system) which is accessible at the following URL:

<http://ems-rohu.mdrap.ro/>

You can also find the link to eMS on our website:

<http://interreg-rohu.eu>

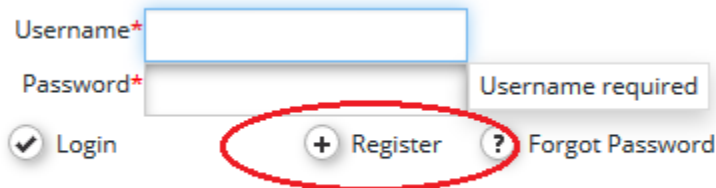

→ ! EMS

All information about how to apply using eMS system are detailed in **eMS Application Instructions** which is an annex of the **Guide for 14 Applicants**.

PART A – Registration

To use the eMS, **the Lead Applicant or applicant** must register and activate a user account by clicking on the button *Register*

Username*

Password* Username required

☒ Login ☒ Register ☐ Forgot Password

In the registration form, fill in the following information:

Registration

Description

Username

firstname.lastname

Email *

firstname.lastname@mail.

Password *

Password Again *

Firstname *

 Register

Only after the user account is activated, the Lead Applicant will be able to login into the eMS system.

PART B – Login

After filling in the *Username* and *Password*, the user has to click on the button to enter in the Dashboard;

A login form with two input fields: 'Username*' containing 'firstname.lastname' and 'Password*' containing masked characters. Below the fields are two buttons: 'Login' (with a checkmark icon) and 'Register' (with a plus icon). The 'Login' button is circled in red. A tooltip 'Password required' is visible next to the Register button.

 Save To Draft

It is possible to send messages to the users assigned to a project.

For sending or receiving messages in eMS, no special user rights are needed. **Any registered user can send and receive messages.**

eMS supports standard mailing functions such as sending, forwarding and replying the mails. It enables sending messages to multiple recipients as well as sorting and filtering messages based on different criteria.

eMS can send a **notification** to the registered email address of the user when receiving an email. This email does not contain the text of the message; its purpose is to notify the user about received messages in eMS.

Currently, there are the following email notifications possible:

- Registration email
- Email to the Lead Partner at submission of application form
- Email on Lead Partner confirmation (after handing the AF over to LP)

Please note that all the **clarifications** requested in the **assessment** phase will be send officially to the Lead applicant using the email section of the eMS.

The Lead Applicant will be informed by email about the **decision of MC** regarding his project.

Please note that the Lead Partner can use the eMS mail function to discuss in writing before sending any **request for modification** to the JS.

Project Summary > Partner >

User Project Mapping

New User

 Add For Reading  Add For Modification

User Management – clicking on the button  **User Management** it opens a function that allows the lead applicant to add other users (namely Reader or Co Worker) with read-only access by clicking on the button  **Add For Reading** or editing access by clicking on the button  **Add For Modification** in the AF sections.

The user who first created an application is treated by the system as a **Lead user** and can provide other users with read - or read/write access to the application form.

The lead applicant is the only user who can submit the application.

After the project is approved and before it can be contracted, the lead applicant needs to appoint an eMS user who will be the lead partner for the project

In the pre-contracting phase the lead partner must fill in additional information in the **Supplementary information** module.

The lead partner has **to assign one user** for each the partner registered in the AF in order to give them access to the reporting phase of the project.

User management

Each partner can have multiple users and they will all have the same access to the partner report.

Users do not need any special privilege to create and/or submit a partner report.

Please note that it is possible to also allocate users to the Lead Partner and they will have access to the Lead **Partner report**. Those users will not be able to create a **project report** as currently only one user (the one accepted by JS).

Help and Technical Support

For any problems you might experience with the eMS, please contact the Joint Secretariat at **joint.secretariat@brecoradea.ro** or by telephone during office hours⁵.

⁵Office hours means between 9.00 – 17.00 (EET)

Thank you for your attention!
