eMS	Electronic monitoring system
ERDF	European Regional Development Fund
LA	Lead Applicant
LP	Lead partner
MA	Managing authority
MC	Monitoring committee
JS	Joint secretariat
NA	National authority
PP	Project partner

Online submission system

If you decide to apply your project for financing under our programme, you will have to submit your application online through a dedicated online platform, called **eMS** (*electronic monitoring system*) and accessible at the following URL:

<http://ems-rohu.mdrap.ro>

Also, this system will be used for assessment, contracting, sending and validating expenditures and approving progress reports of the partners and project. Your project's implementation will be monitored through this online platform.

Technical information and system requirements

The eMS is a web application which can be accessed with recent versions of most common browsers (e.g. at least Internet Explorer 11, Firefox 35, Chrome 39).

The functionality of the system follows the common standards of web applications for entering and submitting form data.

Please pay attention to the following important aspects that have to be remembered when filling in the AF:

- ✓ The eMS does not provide any warning or request of confirmation before leaving a section of the AF or before logging out;
- ✓ Always remember to save the data before leaving any section in the AF (Save button on upper left corner  or at the end of the page  otherwise data will be lost!
- ✓ When filling in longer sections, please remember to regularly save data, in order to avoid losing data in case of interruptions of the internet connection or other technical issues;
- ✓ **Do not use the "Enter" key** in the forms as it may lead to unexpected results. Always use the commands provided by the eMS interface;

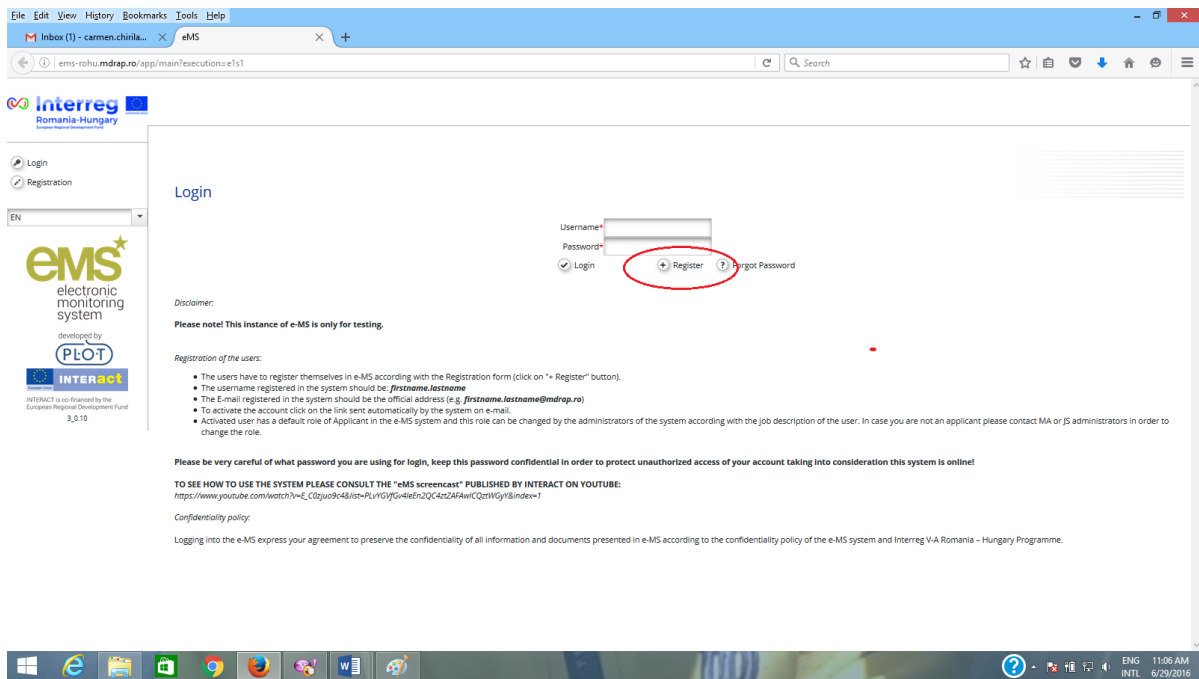

- ✓ The generation of pdf files might take some time. Please wait until the pdf-file appears in the file browser or in a new window. Activating the pdf generation again might slow down the system;
- ✓ Some fields in various (sub-) sections will be automatically filled in (grey cells) by the system by using data inserted in other sections of the AF or which are automatically calculated;
- ✓ To a certain extent, it is possible for different users to work in parallel (at the same time) on the same AF, but when the users are working in parallel, they have to be sure that they are not working in the same section or sub-section (in case that more than one applicant is filling in the AF). Filling in the AF by more than 1 user is not recommended at the same time!

PART A – Registration

To use the eMS, **the Lead Applicant or applicant** must register and activate a user account as follows:

1. To register, go to <http://ems-rohu.mdrap.ro/> and click on the button  Register .

The person registering should be preferably the contact person or the project manager of the Lead Applicant institution/organization.

2. In the registration form, fill in the following information:

Registration

Description	
Username	firstname.lastname
Email *	firstname.lastname@mail.
Password *	*****
Password Again *	*****
Firstname *	Firstname
Lastname *	Lastname
Title	expert / institution
Language	EN ▼

- *Username:* will be used to log in the eMS. It can be freely chosen by the registering person, but we strongly recommend to have this format **firstname.lastname** in order to be easily to remember;
- *E-mail:* the email address of the contact person from Lead Applicant or applicant. The E-mail registered in the eMS must be the active and official address (e.g. **firstname.lastname@mdrap.ro**);
- *Password:* the password used to access the system should be a strong and complex one (a combination of alphanumerical characters and symbols).
- *First name/Last name:* Personal information of the contact person from the Lead Applicant or applicant;
- *Title:* The title and the institution you are working for
- *Language:* English is the pre-defined programme's official language. It cannot be changed.

Following the registration, the Lead Applicant institution/organization must send an official email (an official address from the institution email) to joint.secretariat@brecoradea.ro to inform the JS about the new user. The minimum required information are: firstname and lastname, telephone and email of the person designated to use the new user.

Upon registering and accessing the system, the user agrees to the terms of service for using the eMS.

3. After clicking the "**Register**" button, the system automatically generates an e-mail (on successful submission) with the necessary instructions that will be sent to the e-mail address provided during the registration process. To activate the account follow the instructions in the message to confirm the registration.

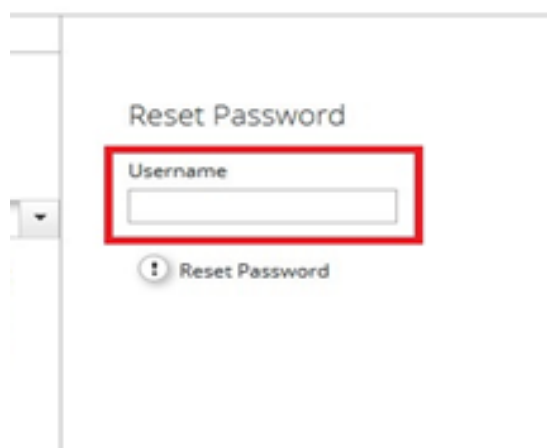

Hello,

In order to activate your account please click the following link:

<http://ems-...uid=2&hash=2c206bbbed9934476e931b7beff17c7c>

Best regards,
e-MS Team

4. Only after the user account activation and validation email received by JS from Lead Applicant or applicant institution/organization, the new user of Lead Applicant or applicant will be able to log in to the eMS.
5. In case the password is forgotten, it can be reset using the  Forgot Password button, filling in the username and clicking the button  Reset Password

Please note that only the Lead Applicant can create and submit an application. The applicant can read or add/modify data in the AF, only if the Lead Applicant gives the necessary permissions.

PART B – Login

After filling in the *Username* and *Password*, the user has to click on the  **Login** button to enter in the Dashboard;

1. The first page accessed by the user of the Lead Applicant or applicant is the dashboard, where the user can find the following sections:

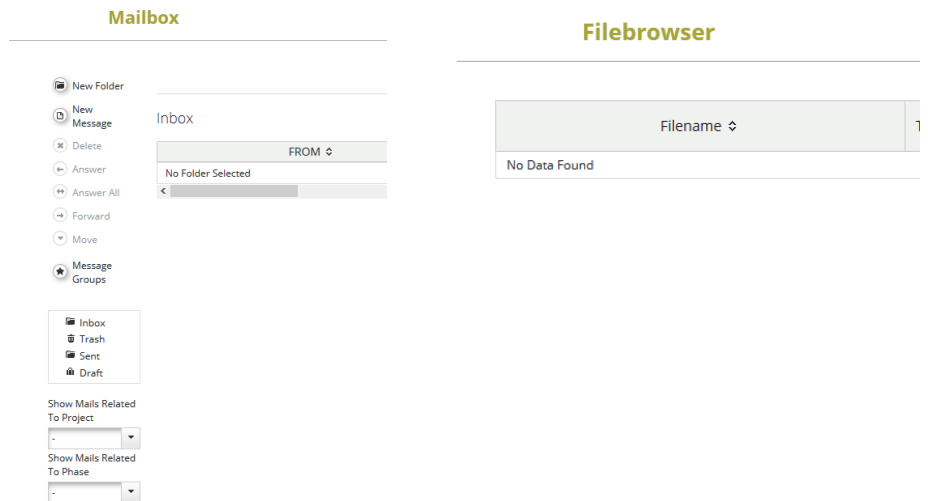

- *Menu*: placed in the left side of the screen, it has at least 3 items visible: *Personal*, *Applications* and *EMS Management*:

i. **Personal** menu has 4 functions available:

- *Dashboard* – by clicking on the  **Dashboard** button it shows dashboard;
- *Mailbox* – by clicking on the  **Mailbox** button it goes to the Mailbox window, from where the user of the Lead Applicant or applicant can use the internal mail function of the eMS as a normal e-mail, with the remark that the senders and receivers must be internal users of the system;

▼ **Personal**

-  **Dashboard**
-  **Mailbox**
-  **Generated Files**
-  **User Account**

- *Generated files* – accessed by clicking on the  **Generated Files** button

This section shows in pdf format a report generated by the system based on a template that presents all the AF data recorded in the eMS;

- *User account* – can be accessed by clicking on the  **User Account** button

In this section the user can update his information (except the Username and email which cannot be changed by the user), change password, configure mail signature and dashboard.

ii. **Applications** menu has 2 functions available:

- *My applications* – by clicking on the button  **My Applications** the system goes to the projects list added by the Lead Applicant in the eMS;
- *Bookmarked applications* - by clicking on the button  **Bookmarked Applications** the system shows only the projects already bookmarked using the button  **Bookmark** from the last column of the projects list.

▼ Applications ▼ EMS Management

 My Applications  Calls

 Bookmarked Applications

- iii. **EMS Management** menu contains the function Calls. Clicking on the  **Calls** button it shows both the open and closed calls.

Calls

Name	Start	End	Description	Attachments	
Call test 1	09.03.2016	30.03.2016	Call test		 Apply
Call test 2	01.03.2016	31.03.2017	call test 2		 Apply

Please note that the Lead Applicant can submit the saved project's AF only if the call is still open!

Applicants are advised not to submit their AF at the very last minute before the closure of the Call. Submission will no longer be technically possible after the announced deadlines of the Call. As submission is feasible from any internet connection, no exception to this rule will be granted.

- *My projects:* a section where the Lead Applicant is able to add a new project by clicking on the  **Add Project** button and sees his projects already recorded in the eMS.

Project_id	Name	Acronym	Start	End	Lead Partner	LP Nationality	Call	Timeslot	Specific Objective	Submission Date	Projectstate	Applicant Or Leadpartner	View Project
No records found.													
 Add Project													

- *My Mailbox:* a section where the Lead Applicant can see all the messages received and from where can go to the Mailbox window by clicking on the  **Go To Mailbox** button

Inbox	Subject	Date
Select A Mailbox Folder		

- *Calendar:* this section shows the current date and the open calls marked with the yellow line and name.

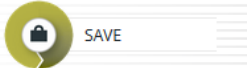

PART C – How to add a Project

1. In order to add an application (project) in the eMS, the **Lead Applicant** shall go to the Dashboard and in the section My projects will click on  the button

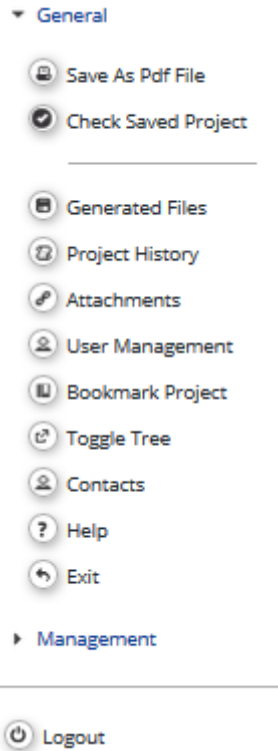

The system will open the Call function from where the applicant will choose the appropriate open Call (the  button is active) and click on it to open the AF.

Name	Start	End	Description	Attachments	
Call test 1	09.03.2016	30.03.2016	Call test		
Call test 2	01.03.2016	31.03.2017	call test 2		

2. After click on the  button, the system will open the AF section with a save button , two menus *General and Management* in the left side of the screen and sections (tabs) of the AF in the upper part.

- i. **General menu** includes the following functions: *Save As Pdf File, Check Saved Project, Generated Files, Project History, Attachments, User Management, Bookmark Project, Toggle tree, Contacts, Help and Exit.*

- *Save As Pdf File* – by clicking on the  **Save As Pdf File** button the system generates a pdf file that brings all the data found in the AF. The system will inform the user with the message and the file can be found in the Generated Files section;

Please note that the creation of a pdf might require some time and consequently the pdf of the AF will appear in the file browser only after a certain time. Please wait until the pdf is available and do not press the “save as pdf file” button repeatedly, because this might slow down the eMS. Also, please note that you can create a pdf file of the AF at any time of its development!

- *Check Saved Project* – by clicking on the  **Check Saved Project** button the system performs several automatic checks of the formal requirements if there is the case. If all automatic checks are successfully passed, the message will be displayed; 

Please note that in the case of automatic checks showing deficiencies, the system indicates an error message on top of the page and the user should amend the AF accordingly.

- *Generated Files* – clicking on the  **Generated Files** button. the system will open a window where are listed all the pdf files of the AF generated after clicking the  **Save As Pdf File** button

Generated Files ✕

Filename 	Type	Size 	Last Change 	 <input type="checkbox"/>
AF ROBG-19 MYFP 20160608 150600.pdf	File	79.25 KByte	08.06.2016 15:06:00	<input type="checkbox"/>

- *Project History* – shows the history of the projects, counting each version of the AF based on the modifications and the status of the AF.

Project Summary > Partner > Project Description > Workplan > Project Budget > Project Budget Overview > Attachments

Filename	Filetype	Date	User	Description	Options
No records found.					

- *User Management* – clicking on the button  **User Management** it opens a function that allows the Lead Applicant to add other users (namely Reader or Co Worker) with read-only access by clicking on the button  **Add For Reading** or editing access by clicking on the  **Add For Modification** button in the AF sections.

Project Summary > Partner > Project Description > Workplan > Project Budget > Project Budget Overview > Attachments

User Project Mapping

New User

Assigned User

User Name	Role	Option
firstname.lastname	Applicant	

Please note that the users have to be registered in the system before and the Lead Applicant should know exactly their usernames in order to be added in the field:

New User

The user rights granted by the Lead Applicant for his partners will only be available until the submission of the application or until the deadline of the call.

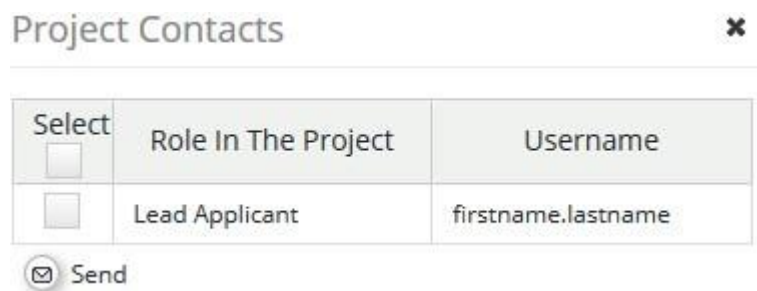

In case the project is selected for funding, a new assignment of the users must be made for every project partner in the contracting phase, in order to have access in reporting section of the project.

- *Bookmark Project* - by clicking on the  **Bookmark Project** button the system will bookmark the project and it will change the button in used to un-bookmark the respective project  **Unbookmark Project**
- *Toggle Tree* - the  **Toggle Tree** button will activate a tree menu with all the sections and subsections of the AF in the upper right corner

- *Contacts* - this  **Contacts** button will pop up a window with a list of all project contacts assigned for the respective project. Also, this function allows to send e-mails to the project contacts by clicking the  **Send** button after selecting the username.

Please note that the list will be updated while more users are assigned to the project!

- *Help* - this  **Help** button is a contextual menu and will open a popup window with a description of the section selected by the user.

- *Exit* – the  **Exit** button will return the user to the dashboard where it can be seen the list with all the projects recorded by the Lead Applicant in eMS.

ii. **Management** menu has only the function of deleting the project at this stage

Please note that the applicant cannot delete the application after submission!

After the Lead Applicant (or other user with granted access) fills in all the sections and subsections of AF, the application has to be checked by clicking on the  **Check Saved Project** button and then submitted by clicking on  **Submit Checked Project**

If any issues are found after clicking  **Check Saved Project button such as missing or wrong data, you will need to correct this before you can save and check it again.**

Before submitting the application the system will pop up a confirmation message to warn the Lead Applicant that process is irreversible.

Also, the Lead Applicant will be notified by e-mail that the application was successfully submitted.

My Mailbox		
 Go To Mailbox		
Inbox ⇅	Subject ⇅	Date ▼
admin	Application Submitted	13.06.2016 11:15:05

Please note that only the user who initially created the AF (i.e. the Lead Applicant) can submit the AF of the project.

The AF which has been successfully submitted is final and cannot be changed anymore (it will only appear in read-only mode in the system).

You can submit the application until the time and date of the call deadline, Bucharest time (EET). Please take time zone differences into account!!!

PART D – How to fill in the application form (AF)

The AF has to be filled in English as this is the working language of the programme.

The structure (and content) of the AF is as follows:

1. *Project Summary*
2. *Partner*
3. *Project Description*
4. *Workplan*
5. *Project Budget*
6. *Project Budget Overview*
7. *Attachments*

Please note that in order to fill in the AF the Lead Applicant has to follow the arrows, section by section (starting with the Project Summary section and finishing with the Attachments)!

Section A: Project Summary

This is the starting point for the application form. The application will not be created until this first tab in the application form has been completed and saved. You will then have access to the other tabs.

After completing the first tab "Project summary", click on **"CREATE"** button in the top-left corner.

Section C: 1-5: Project Description

Section C.1 Project Relevance

For CN: Please note that information provided must relate to the Full Application you are planning to develop if your Concept Note is going to be selected!

Fields name	Fill in instructions
<i>Territorial Challenge</i>	
What are the common territorial challenges that will be tackled by the project?	Please describe the relevance of your project for the programme area in terms of common challenges and opportunities addressed.
<i>Project Approach</i>	
How does the project tackle the identified common challenges and/or opportunities and what is new about the approach the project takes?	Please describe new solutions that will be developed during the project and/or existing solutions that will be adopted and implemented during the project lifetime and in what way the approach goes beyond existing practice in the sector/programme area/participating countries.
<i>Cooperation Reason</i>	
Why is cross-border cooperation needed to achieve the project's objectives and result?	Please explain why the project objectives cannot be efficiently reached acting only on a national/regional/local level and/or describe what benefits the project beneficiaries/target groups/ project area/programme area gain in taking a cross-border approach.

<i>Cooperation Criteria²</i>	
Development	A short description of the cooperation criteria.
Implementation	A short description of the cooperation criteria.
Staffing	A short description of the cooperation criteria.
Financing	A short description of the cooperation criteria.

In this matter, all 4 cooperation criteria shall be fulfilled.

Please click SAVE button before leaving the page!!!

Section C.2 Project Focus

For CN: Please note that information provided must relate to the Full Application you are planning to develop if your Concept Note is going to be selected!

² Please see chapter 2.2.1.2 Eligibility of actions (projects) in the Guide for Applicants (The importance of the cross-border approach to the topic addressed should be clearly demonstrated. In this matter, all 4 cooperation criteria shall be fulfilled: joint development, joint implementation, joint staffing and joint financing.)

Fields name	Fill in instructions
<i>Programme Priority Specific Objective ... (automatically shows selected specific objective)</i>	
Project Main Overall Objective	What is the main overall objective of the project and how does it link to the programme objective? Specify one project main objective and describe its contribution to the programme priority specific objective.
<i>Programme Result Header</i>	
Programme Result Header Description	This field is automatically linked to your selected specific objective.
<i>Project Main Result Header</i>	
Project Main Result Header Description	What is/are the projects main results and how does it they link to the programme result indicator? Specify your one or more projects main result and describe its their contribution to the programme result indicator.
<i>Project Overall Objectives Header</i>	
Project Overall Objectives Header Description	Add Project Specific Objective (if the case)
<i>Durability And Transferability Of Main Outputs</i>	
Durability Description How will the project ensure that project outputs and results have a lasting effect beyond project duration?	Please describe concrete measures (including institutional structures, financial resources etc.) taken during and after project implementation to ensure and/or strengthen the durability of the project outputs and results. If relevant, explain who will be responsible and/or who will be the owner of results and outputs.
Transferability Description How will the project ensure that project outputs and results are applicable and replicable by other organizations/regions/countries outside of the current partnership?	Please describe to what extent it will be possible to transfer the outputs and results to other organizations/regions/countries outside of the current partnership.

Please click SAVE button before leaving the page!!!

Section C.3 Project Context

For CN: Please note that information provided must relate to the Full Application you are planning to develop if your Concept Note is going to be selected!

Fields name	Fill in instructions
Project Context Description How does the project contribute to the wider strategies and policies?	Please describe the project's contribution to relevant strategies and policies; in particular, those concerning the project or programme area.
<i>Indicate Header</i>	
EU Strategy for the Danube Region	If applicable please select and a short description
<i>Synergies</i>	
Synergies Description	What are the synergies with past or current EU and other projects or initiatives the project makes use of?
<i>Knowledge</i>	
Knowledge Description How does the project build on available knowledge?	Please describe the experiences/lessons learned the project draws on, and other available knowledge the project capitalizes on.

Please click SAVE button before leaving the page!!!

Section C.4 Horizontal Principles

The screenshot shows the 'Application Form' for project ROHU16. The 'Project Description' step is active. The 'Horizontal Principles' section contains three text input fields, each with a dropdown menu set to 'neutral' and a '255 Characters Remaining' indicator. A 'Save' button is located at the bottom of this section. A red arrow points to the 'Horizontal Principles' title.

The horizontal principles must be incorporated in every project and at all stages. Understanding and demonstrating equality issues and sustainability is highly relevant to all applicants and will influence the assessment process.

Fields name	Fill in instructions
Sustainable Development (environment)	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Equal opportunity and non-discrimination	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Equality between men and women	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.

Please click SAVE button before leaving the page!!!

Section C.5 Project Risks

The screenshot shows the 'Application Form' for project ROHU16. The breadcrumb navigation includes 'Project Summary', 'Partner', 'Object Description', 'Workplan', 'Project Budget', 'Project Budget Overview', and 'Attachments'. The 'Object Description' tab is active, and a red arrow points to the 'Project Risks' link. The 'Project Risks' section contains a form for 'Risk 1' with the following fields:

- Start Date:
- End Date:
- Risk impact:
- Risk likelihood:
- Title:
- Project Description:
- Project Mitigation:

At the bottom right of the form, there are buttons for 'Delete Risk' and 'Add Project Risk'. A 'Save' button is located at the bottom left of the form area. The left sidebar contains various navigation options like 'General', 'Management', and 'Logout'.

Fields name	Fill in instructions
Risk 1	Please list your project's risks
Start date	Type the start date
End date	Type the end date
Risk impact	Please select from the list the impact of the risk
Risk likelihood	Please select from the list the probability of the risk to occur
Title	Type the risk title
Risk description	Please describe the project risk
Risk mitigation	Please describe the project risk mitigation

Please click SAVE button before leaving the page!!!

Section D: Workplan

Section D.1. Work Package List

In addition to project description in Part C, all projects are requested to submit a description of the different work packages that the project partners have developed to structure their activities. The information entered in this section will form the basis for the project monitoring.

One standard work packages have been pre-defined:

□ Work package “Management”, consists of operational and strategy activities such as governance, daily management of the project and reporting and monitoring.

To edit the work package, click on the magnifying glass.

The next workpackages are project specific, and should include descriptions of all other activities. After filling in the work packages, a Gantt chart will appear at the bottom of this page. This is considered to be an indicative plan and the Joint Secretariat will exercise flexibility (within reasonable limits) when monitoring project activities.

Please note that there are two options for defining workpackages:

- 1.** At project level: WP Preparation, Management and Communication
- 2.** At partner/ type of activity level: WP Implementation and Investment

Work Package Preparation³

To activate the Work Package Preparations please click on the  sign (magnifying glass)

The screenshot shows the 'Application Form' interface for project ROHU16. The breadcrumb navigation includes 'Project Summary', 'Partner', 'Project Description', 'Workplan', 'Project Budget', 'Project Budget Overview', and 'Attachments'. The 'Workpackage List' section is active, displaying a 'PREPARATION' field with a magnifying glass icon (indicated by a red arrow) and a 'MANAGEMENT' field with 'Jun.2016' dates. Below this is a 'Timeline' table:

	June 2016		July 2016					
	Wed 29	Thu 30	Fri 1	Sat 2	Sun 3	Mon 4	Tue 5	
WP M: Project Management (Management)								

Checkboxes for 'Show Activities' and 'Show Deliverables' are visible. The footer includes the 'ems electronic monitoring system' logo and a Windows taskbar with the date 6/29/2016.

The screenshot shows the 'Preparation P' details page. The breadcrumb navigation is the same as the previous screenshot. The 'Wp Details' section includes 'Project Preparation' with 'Wp Start' and 'Wp End' dates set to November 2016. Below this is a 'Partner' table:

Partners Involvement Selection					
<input type="checkbox"/>	Number	Name	Role	RO P	Abbreviation
<input type="checkbox"/>	1	RO Partner	LP	RO P	
<input type="checkbox"/>	2	HU Partner	PP	HU P	

Below the partner table is a 'Summary' section with a 'Summary Description' text area. The footer includes the 'ems electronic monitoring' logo and a Windows taskbar with the date 9/1/2016.

³ Only for CN

Fields name	Fill in instructions
<i>Wp Details</i>	
Wp Start	Please insert the start date of the preparation activities ⁴
Wp End	Please insert the end date of the preparation activities ⁵
Partner	Please select the partners with preparation activities
<i>Summary</i>	
Summary Description	Please describe briefly the project preparation activities for each partner.

For CN: Please pay attention to Start Date and End Date of the preparation activities because they will define period 0 of the project.

Please click SAVE button before leaving the page!!!

Work Package Management

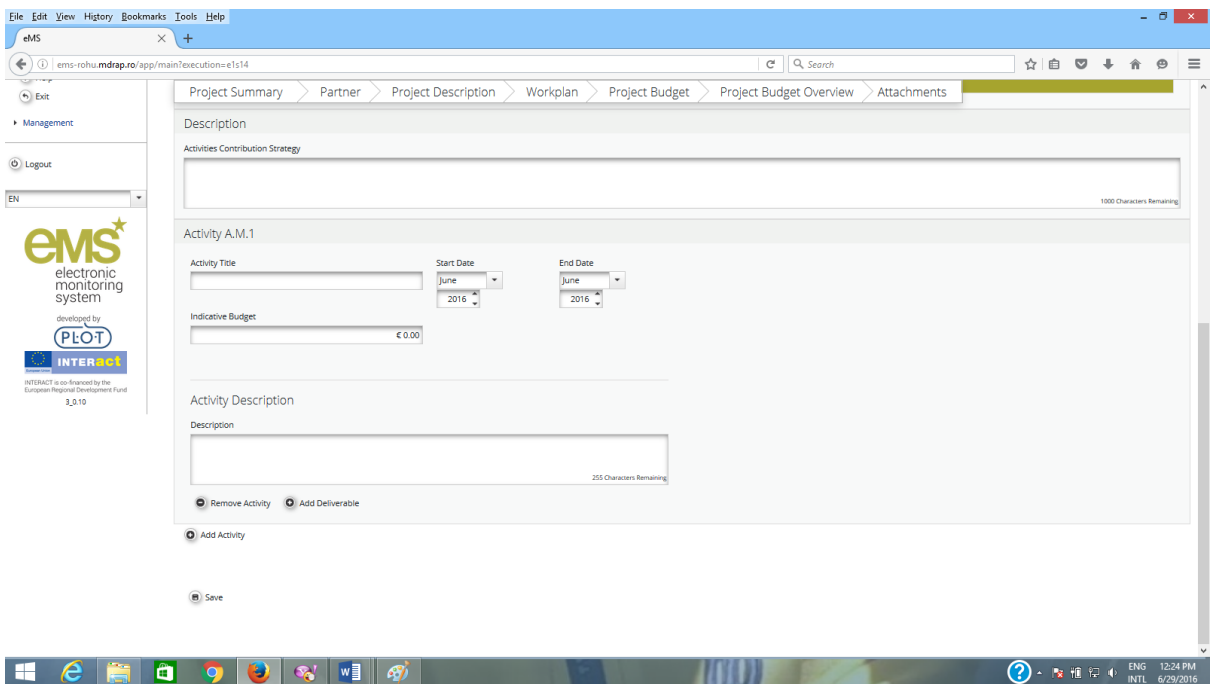

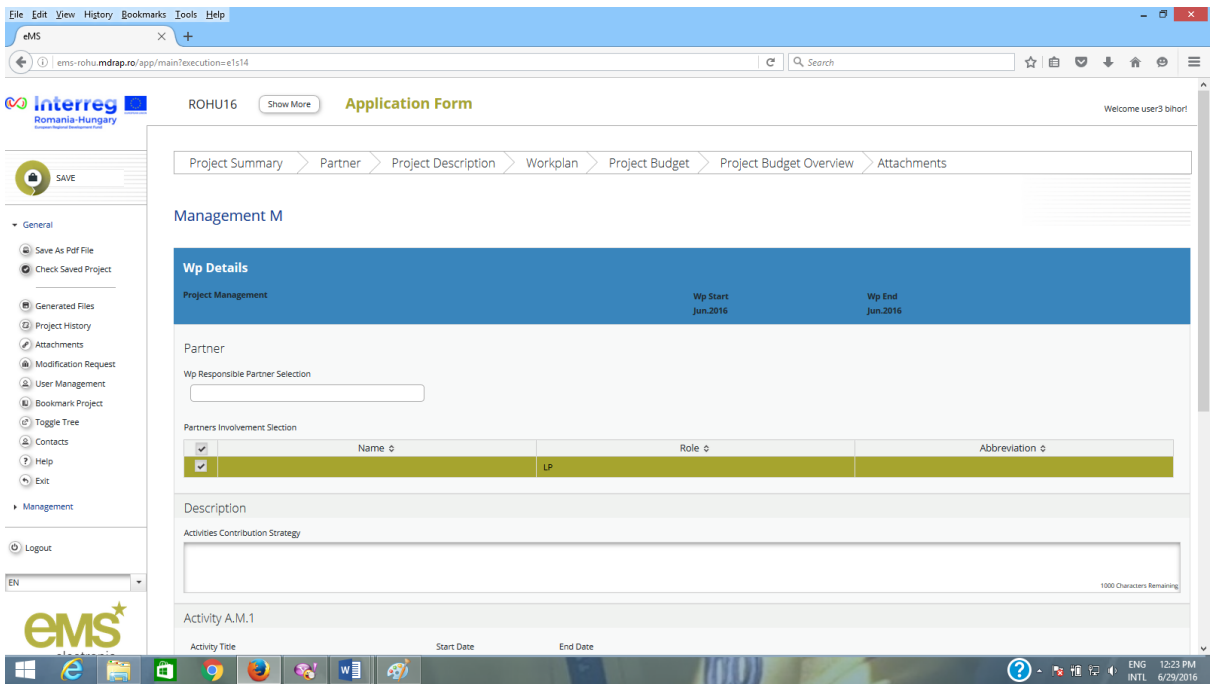

To activate the Work Package Management, please click on the q sign (magnifying glass)

The screenshot shows the 'Application Form' interface for Interreg Romania-Hungary. The 'Workplan' tab is selected, displaying a 'Workpackage List' with a 'Management' entry. A red arrow points to a magnifying glass icon (q sign) next to the 'Management' entry. Below the list is a 'Timeline' section with a calendar view for June and July 2016.

⁴ Starting with 1st of January 2014

⁵ The end date of the preparation activities is the submission date of the application form

Fields name	Fill in instructions
<i>Partners</i>	
Select the WP Responsible Partner	Please choose the partner responsible for the Work Package from the list.
Select Partners Involved	Please select other partners involved.
<i>Description</i>	

Describe how the management on the strategic and operational level will be carried out.	Describe how the management on the strategic and operational level will be carried out in the project, specifically: <ul style="list-style-type: none"> - structure, responsibilities and procedures for the day-to-day management and co-ordination; - communication within the partnership; - reporting and evaluation procedures; - risk and quality management.
<i>Activity A.M.1... (autonumber)</i>	
Activity Title	Fill in the activity title for each partner (at least one activity for each partner).
Start Date	Enter the envisaged start date for the activity
End Date	Enter the envisaged end date for the activity.
<i>Activity Description</i>	
Description	Please give a brief description of the activity. Describe the role and responsibilities for each management team member (indicating the number of hours/day or month/member team) for each partner. Make sure you indicate the estimated budget/activity. In case of partner meetings and other project events, please indicate where they are envisaged to take place.
Add Deliverable	Click on this button to add deliverable.
Deliverable D.M.1 + Target Value	Please describe the deliverable and the target value if there are any.
Add Activity	Click on this button to add more activities.

E.g.:

- Activity AM1 – The management team of the LP (costs go to budget line Staff cost)
- Activity AM2 – The management team of the PP2 (budget line Staff cost)
- Activity AM3 – The management team of the PP3 (budget line Staff cost)
- Activity AM4 – Meetings of the management team for LP, (budget line Travel and accommodation)
- Activity AM5 – Meetings of the management team for PP2, (budget line Travel and accommodation)
- etc.

The activities and the related staff costs for the internal experts (others than the management team) members of the implementation of the projects, will be detailed under *Work Package Implementation / Work package Investment*, within budget line *Staff costs*.

Please click SAVE button before leaving the page!!!

Work Package Communication

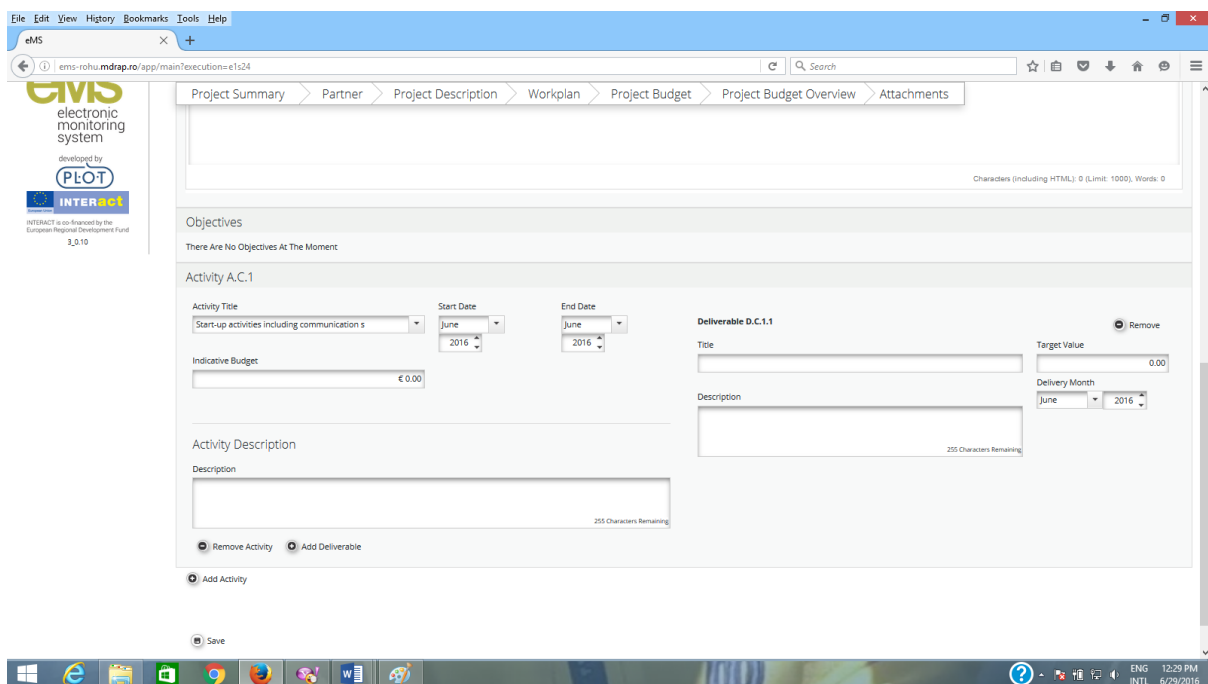

Work package, "Communication", consists of external communication, and all other tasks associated with *the* project's outward project communication activities, dissemination tools, and associated communication deliverables.

To activate the Work Package Communication, please click on the + sign.

The screenshot shows the 'Application Form' for project ROHU17. The breadcrumb trail is: Project Summary > Partner > Project Description > Workplan > Project Budget > Project Budget Overview > Attachments. The 'Workpackage List' section contains three columns: 'MANAGEMENT' (with a dropdown menu), 'No Workpackages Defined' (with 'New Implementation' and 'New Investment' buttons), and 'COMMUNICATION' (with a 'Create Communication' button and a '+' sign). A red arrow points to the '+' sign. Below this is a 'Timeline' table with dates from June 29 to July 5, 2016, and a 'WP M: Project Management (Management)' entry. The left sidebar shows navigation options like 'Save As Pdf File', 'Check Saved Project', 'Generated Files', etc. The bottom status bar shows 'EMS electronic monitoring system' and 'developed by PLOT'.

The screenshot shows the 'Communication C' details page. The breadcrumb trail is: Project Summary > Partner > Project Description > Workplan > Project Budget > Project Budget Overview > Attachments. The 'Wp Details' section shows 'Communication' with 'Wp Start Jun.2016' and 'Wp End Jun.2016'. The 'Partner' section includes 'Wp Responsible Partner Selection' and 'Partners Involvement Selection' with a table header: Name, Role, Abbreviation. The 'Summary' section has a 'Summary Description' text area with a rich text editor toolbar. The left sidebar shows a 'SAVE' button and navigation options. The bottom status bar shows 'EMS electronic monitoring system' and 'developed by PLOT'. The system tray shows 'ENG INTL 12:28 PM 6/29/2016'.

Fields name	Fill in instructions
<i>Partners</i>	
Select the WP Responsible Partner	Please choose the partner responsible for the Work Package from the list.
Select Partners Involved	Please select other partners involved.
<i>Summary</i>	
Describe how the communication activities will be carried out in the project, on the strategic and operational level.	Please describe briefly the project's approach towards external communication with the main project stakeholders and the wider public. A coherent Communication plan will help you gain points in the assessment phase.
<i>Activity A.C.1⁶... (autonumber)</i>	
Activity Title	The system has pre-defined a number of communication activities. We expect as a minimum: public events, promotional materials, and publications.
Start Date	Enter the envisaged start date for the activity
End Date	Enter the envisaged end date for the activity.
<i>Activity Description</i>	
Description	Please mention the partner to whom this activity belong and then give a brief description of the activity.
Deliverable (autonumber) D.C.1...	Please only list the major deliverables such as brochures, websites, etc.
Title	Deliverable title.
Target Value	How many deliverables does the project plan to deliver?

⁶ The activity shall be define at partner level.

Description	Give a brief description of the deliverable.
Delivery Month	Indicate the month when the deliverable is expected to be available.
Add Deliverable	Click on this button to add more deliverables under this activity.
Add Activity	Click on this button to add more activities.

Please click SAVE button before leaving the page!!!

Work Package Implementation⁷

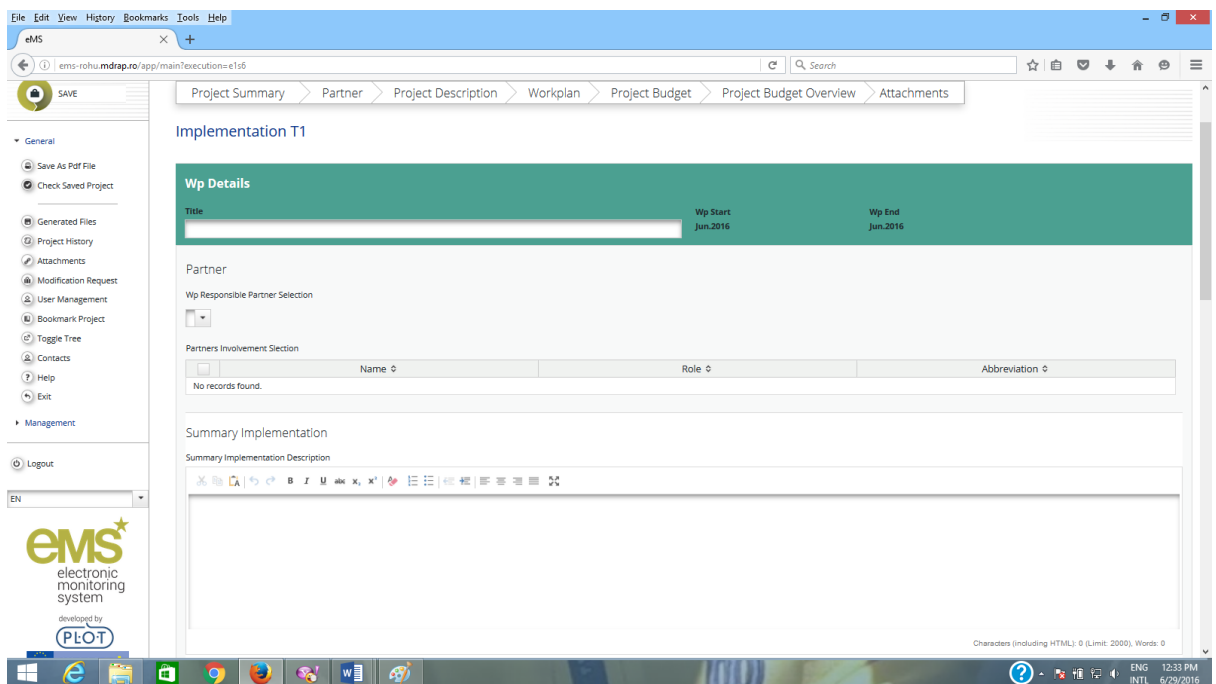

The activities not related to **Work packages Management, Communication and Investment** must be described under **Work package Implementation**.

To activate the Work Package Implementation, please click on the + sign.

The screenshot shows the 'Application Form' for project ROHU17. The 'Workplan' tab is selected, showing a 'Workpackage List' section. Under 'MANAGEMENT', there are buttons for 'Management' and 'Jun.2016'. A message states 'No Workpackages Defined'. Below this, there are buttons for 'New Implementation' and 'New Investment'. A red arrow points to a plus sign (+) next to the 'New Implementation' button. To the right, under 'COMMUNICATION', there is a 'Create Communication' button. Below the workpackage list is a 'Timeline' section with a grid for dates from June 29 to July 5, 2016. The sidebar on the left contains various navigation options like 'Save As Pdf File', 'Check Saved Project', 'Generated Files', 'Project History', 'Attachments', 'Modification Request', 'User Management', 'Bookmark Project', 'Toggle Tree', 'Contacts', 'Help', and 'Exit'. The footer includes the 'ems electronic monitoring system' logo and the text 'developed by'.

⁷ The Workpackage Implementation shall be define at partner level and activity types.

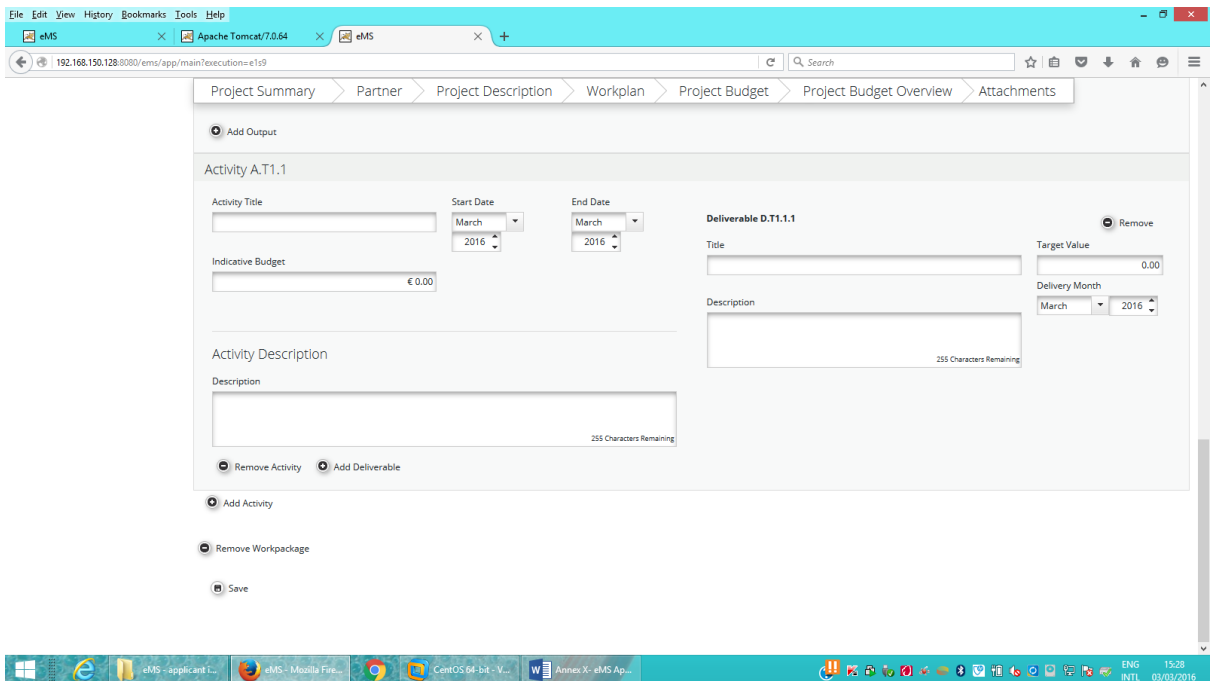

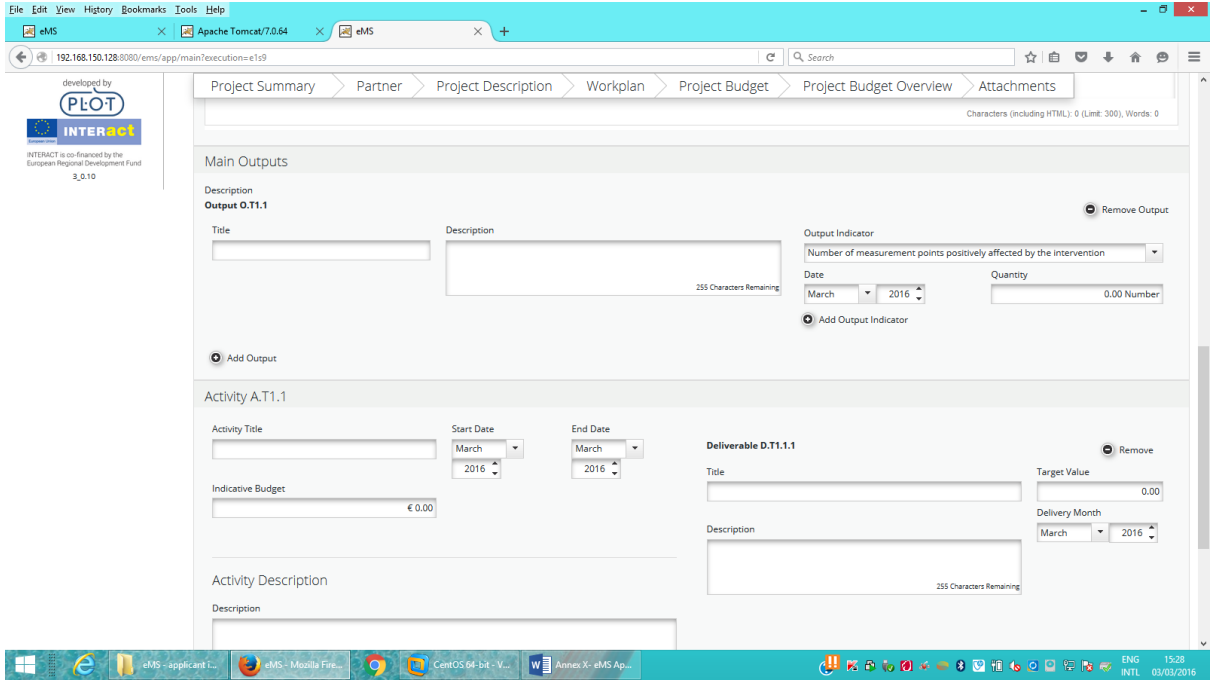

The **Workpackage Implementation** shall be define at partner level. Also, make sure you add as many activities as you need, including a sufficient amount of data.

E.g.:

- WP Implementation LP
 - - contain LP's activities related to project implementation such as:
 - - team of internal experts (budget line *Staff costs*)
 - - team of external experts (budget line *External expertise and services*)
 - - equipment for management team/ internal experts team (budget line *Equipment*)
 - - other activities
- WP Implementation PP2
 - - contain PP's activities related to project implementation such as:
 - - team of internal experts (budget line *Staff costs*)
 - - team of external experts (budget line *External expertise and services*)
 - - equipment for management team/ internal experts team (budget line *Equipment*)
 - - other activities
- WP Implementation PP3,
 - - contain PP's activities related to project implementation such as:
 - - team of internal experts (budget line *Staff costs*)
 - - team of external experts (budget line *External expertise and services*)

- equipment for management team/ internal experts team (budget line *Equipment*)
 - other activities
- etc.

Fields name	Fill in instructions
Title	Please give a short title to the Work Package, including project partner's name
<i>Partners</i>	
Select the WP Responsible Partner	Please choose the partner responsible for the Work Package from the list.
Select Partners Involved	Please select the partner to whom activities from this workpackage belong
<i>Summary Implementation</i>	
Please give a summary description of the work package and its objective. Please specify to which project objective it contributes.	It is important that the reader of the application understands the purpose of the work package to achieve the overall project objectives.
<i>Main Outputs</i>	
Output O.T1.1... (autonumber)	Projects are expected to deliver viable products and services, whose impact should contribute to programme level results. Each of the Investment priority have been designed to focus project applicants on delivering tangible, durable outputs, assisting the delivery of the programme's ambitions of measurable positive changes in the Programme area. Each project's intended results and outputs are expected to facilitate the changes sought by the Interreg V-A RO-HU Programme.
Title	Please give a short title for the project's output
Define the product/service that will be developed by the end of the project.	It is important that the reader of the application understands what viable outputs the project will deliver.
Output indicator: choose the corresponding output Indicator, to which the product/service will contribute. (if the case).	Programme Output indicators ⁸ have been developed to express and measure project outputs. They are dependent on the selected Investment priority. All Output indicators are collected at project level and aggregated at programme level ⁹ . Click Remove Output button if not applicable (for CN).
Date	Indicate the month when the output is expected to be available.
Quantity	Quantify the contribution to the output indicator. This is a target value for the entire project ¹⁰ .
<i>Activity A.T1.1... (autonumber)</i>	
Activity Title	Please give a short title to the activity.

⁸ Not applicable for CN

⁹ For CN please remove output indicator

¹⁰ Not applicable for CN

Start Date	Enter the envisaged start date for the activity.
End Date	Enter the envisaged end date for the activity.
Activity Description	
<i>Description</i>	Please give a brief description of the activity.
Deliverable (autonumber) D.T.1.1...	Please only list the major milestone deliverables, such as studies, reports, etc.
Title	Deliverable title.
Target Value	How many deliverables does the project plan to deliver?
Description	Give a brief description of the deliverable.
Delivery Month	Indicate the month when the deliverable is expected to be available.
Add Deliverable	Click on this button to add more deliverables under this activity.
Add Activity	Click on this button to add more activities.

The equipment mentioned under the present WP shall be related to project implementation activities.

Attention! In case there are deviations from the estimated amounts for the planned activities, in order to ensure the project's sound financial management and focusing on reaching the envisaged output indicators, the Programme recommends these are of maximum 20%. However, in case such deviations occur, the budget chapters shall not be affected.

Be advised that the Application Form is structured based on work-packages, which comprise activities and sub-activities, either on project level (WP Preparation, Management and Communication) or on partner level (WP Implementation and Investment). For each activity/sub-activity you shall provide enough details in terms of methodology of implementation, estimated deliverable and indicative budget.

If summed-up, all the indicative amounts on activity/sub-activity level equal the related budget chapter, on partner level. Consequently, the summed-up partners' budgets equal the project budget.

According to the Subsidy Contract, any modifications of the budget lines (in this case to be read as chapters) will require addenda. However, the subdivisions (activities/sub-activities) budgets can, therefore, as already explained, be modified up to a threshold of maximum 20%.

Please click SAVE button before leaving the page!!!

Work Package Investment¹¹

To activate the Work Package Investment, please click on the + sign.

The screenshot shows the eMS application interface. The top navigation bar includes 'Project Summary', 'Partner', 'Project Description', 'Workplan', 'Project Budget', 'Project Budget Overview', and 'Attachments'. The 'Workplan' section is active, displaying the 'Workpackage List'. The list shows 'No Workpackages Defined' and includes buttons for 'New Implementation' and 'New Investment'. A red arrow points to a plus sign (+) next to the 'New Investment' button. Below the list is a 'Timeline' section with a table showing dates from June 29 to July 5, 2016. The table has columns for 'WP M: Project Management (Management)', 'Wed 29', 'Thu 30', 'Fri 1', 'Sat 2', 'Sun 3', 'Mon 4', and 'Tue 5'. The 'WP M: Project Management (Management)' row has checkboxes for 'Show Activities' and 'Show Deliverables'. The bottom of the screen shows the Windows taskbar with various application icons and the system tray displaying 'ENG INTL 12:27 PM 6/29/2016'.

¹¹ The Workpackage Investment shall be define at partner level and investment type just for FAF.

The Workpackage Investment shall be defined at partner level and investment type.

E.g.:

- WP Investment LP
 - – contain all LP's activities related to the investment, such as:
 - - team of internal experts (budget line *Staff costs*)
 - - team of external experts (budget line *External expertise and services*)
 - - studies (budget line *External expertise and services*)

- - taxes (budget line *External expertise and services*)
 - - works (budget line *Infrastructure and works*)
 - - equipment (budget line *Equipment*)
 - - other activities
- WP Investment PP2
 - - contain all PP's activities related to the investment, such as:
 - - team of internal experts (budget line *Staff costs*)
 - - team of external experts (budget line *External expertise and services*)
 - - studies (budget line *External expertise and services*)
 - - taxes (budget line *External expertise and services*)
 - - works (budget line *Infrastructure and works*)
 - - equipment (budget line *Equipment*)
 - - other activities
- WP Investment PP3
 - - contain all PP's activities related to the investment, such as:
 - - team of internal experts (budget line *Staff costs*)
 - - team of external experts (budget line *External expertise and services*)
 - - studies (budget line *External expertise and services*)
 - - taxes (budget line *External expertise and services*)
 - - works (budget line *Infrastructure and works*)
 - - equipment (budget line *Equipment*)
 - - other activities
-
- ,etc.

Fields name	Fill in instructions
Title	Please give a short title to the Work Package.
<i>Partners</i>	
Select the WP Responsible Partner	Please choose the partner responsible for the Work Package from the list.
Select Partners Involved	Please select the project partner to whom belong the activities
<i>Summary Investment</i>	
Please give a summary description of the work package and its objective. Please specify to which project objective it contributes.	It is important that the reader of the application understands the purpose of the work package to achieve the overall project objectives. Investment description including technical specification and quantification.
Justification	Explain the need for investment to achieve project objectives and results. Describe clearly the cross-border relevance of the investment. Describe who is benefiting (e.g. beneficiaries, regions, end-users etc.) from this investment and in what way.

		In case of pilot investment, please clarify which problem it tackles, which findings you expect from it, how it can be replicated and how the experience coming from it will be used for the benefit of the programme area.
Location Of Investment		Location of the physical investment; if possible a concrete address where the investment will take place
Risk Associated With The Investment		Description of the risks associated with the investment, go/no-go decisions, etc. (if any).
Investment Documentation		Please list all technical requirements and permissions (e.g. building permits) required for the investment according to the respective national legislation. In case they are already available attach them to this application form, otherwise indicate when you expect them to be available. Please see chapter 3.2 List of mandatory Annexes to the Application Form of The Guide for Applicants
Ownership		Who owns the site where the investment is located? Who will retain ownership of the investment at the end of the project? Who will take care of maintenance of the investment? How will this be done?
<i>Main Outputs</i>		
Output (autonumber)	O.T1.1...	Projects are expected to deliver viable products and services, whose impact should contribute to programme level results. Each of the Investment priority have been designed to focus project applicants on delivering tangible, durable outputs, assisting the delivery of the programme's ambitions of measurable positive changes in the Programme area. Each project's intended results and outputs are expected to facilitate the changes sought by the Interreg V-A RO-HU Programme. Click Remove Output button if not applicable (for CN).
Title		Please give a short title for the project's output
Define the product/service that will be developed by the end of the project.		It is important that the reader of the application understands what viable outputs the project will deliver.
Output indicator: choose the corresponding output Indicator, to which the product/service will contribute.		Programme Output indicators have been developed to express and measure project outputs. They are dependent on the selected Investment priority. All Output indicators are collected at project level and aggregated at programme level. Please describe project main outputs that will be delivered based on the activities carried out in this work package. For each project main output a programme output indicator

	should be chosen. Please note that they need to have the same measurement unit.
Date	Indicate the month when the output is expected to be available.
Quantity	Quantify the contribution to the output indicator.
<i>Activity A.T1.1... (autonumber)</i>	
Activity Title	Please give a short title to the activity.
Start Date	Enter the envisaged start date for the activity.
End Date	Enter the envisaged end date for the activity.
Activity Description	
<i>Description</i>	Please give a brief description of the activity.
Deliverable (autonumber) D.T.1.1...	Please only list the major milestone deliverables, such as studies, reports, etc.
Title	Deliverable title
Target Value	How many deliverables does the project plan to deliver?
Description	Give a brief description of the deliverable.
Delivery Month	Indicate the month when the deliverable is expected to be available.
Add Deliverable	Click on this button to add more deliverables under this activity.
Add Activity	Click on this button to add more activities.

The **output indicators**, from all the WP of all the partners, will be summed and the result will be shown in a table at the bottom of the first page of the electronic application

WP Investment contain all activities regarding or associated with infrastructure (including studies, taxes, etc.). Other activities not related to WP Management, WP Communication and WP Investment must be placed at **WP Implementation**.

Attention! In case there are deviations from the estimated amounts for the planned activities, in order to ensure the project's sound financial management and focusing on reaching the envisaged output indicators, the Programme recommends these are of maximum 20%. However, in case such deviations occur, the budget chapters shall not be affected.

Be advised that the Application Form is structured based on work-packages, which comprise activities and sub-activities, either on project level (WP Preparation, Management and Communication) or on partner level (WP Implementation and Investment). For each activity/sub-activity you shall provide enough details in terms of methodology of implementation, estimated deliverable and indicative budget.

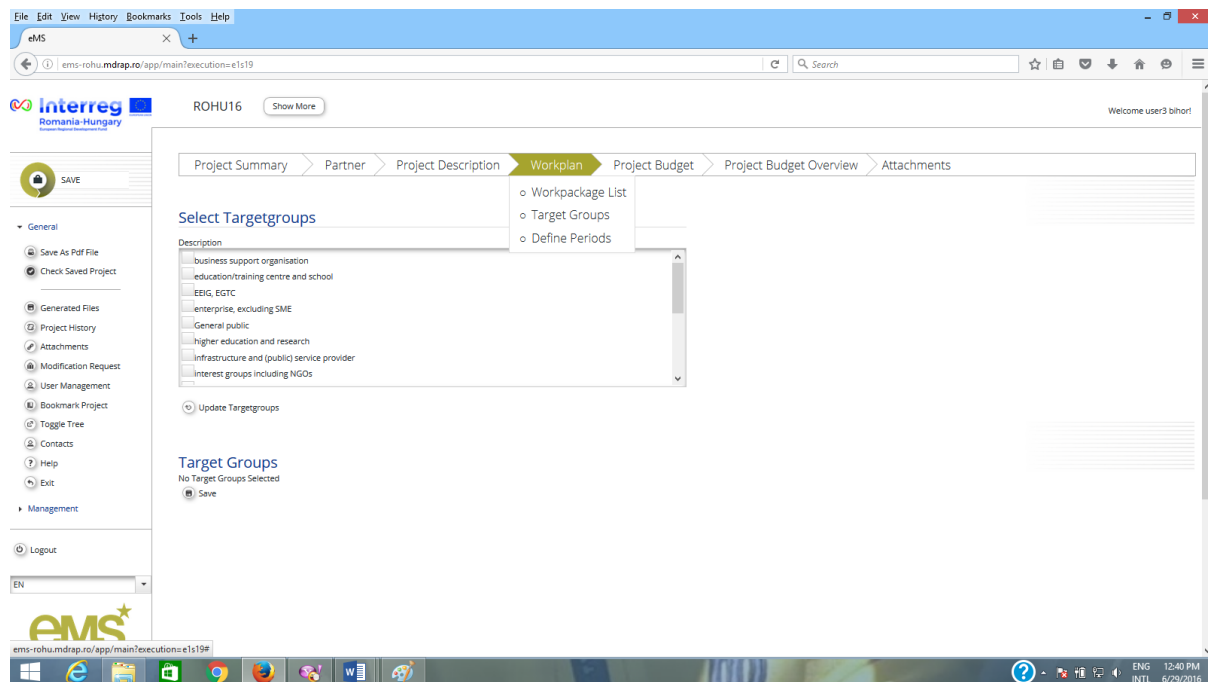

If summed-up, all the indicative amounts on activity/sub-activity level equal the related budget chapter, on partner level. Consequently, the summed-up partners' budgets equal the project budget.

According to the Subsidy Contract, any modifications of the budget lines (in this case to be read as chapters) will require addenda. However, the subdivisions (activities/sub-activities) budgets can, therefore, as already explained, be modified up to a threshold of maximum 20%.

Section D.3. Define Periods

- after

In this section, you will define the reporting periods for the project. Important: the reporting periods form the basis for the project budget. If you do not create any periods, you cannot enter the project budget!

The reporting periods depends on project implementation period. Further to this, if you create the periods incorrectly (i.e. too many or too few periods), this will have major consequences for entering the budget data

Fields name	Fill in instructions
Add	Please click the + sign to create a new reporting period.
Start Date (automatic)	Period 0 represent preparation period ¹² . Period 1 starts with the project start date. Note: when you change the project start date, you have to refresh the reporting periods by clicking on "Recalculate Periods"
End Date	The end date should be set 3 month for projects under 18 months and 4 month for projects exceeding 18 months. The final period ends with the project end date.
Reporting Date	The reporting date is 15 working days after the end date of the reporting period. Note: the reporting date for the final report is 30 working days after the project end date!!!

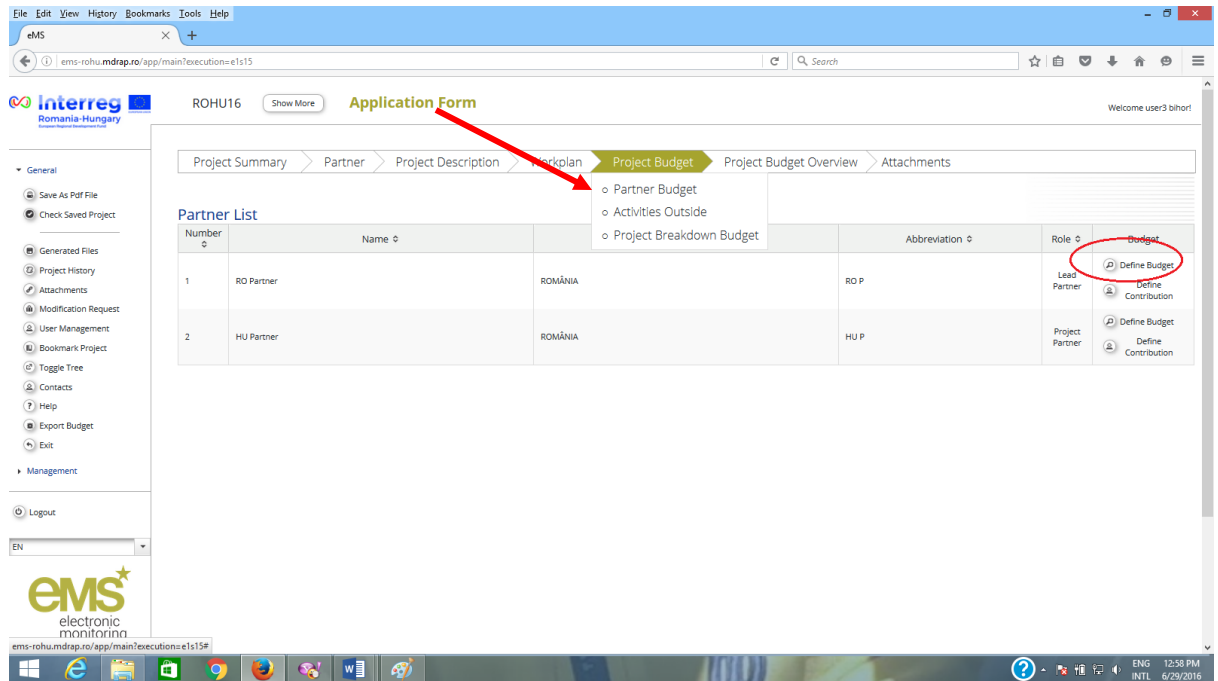

Please click SAVE button before leaving the page!!!

¹² Some Calls do not allow the preparation period (e.g. FA)

Section E: 1-3. Project Budget

E1. Partner budget

The screenshot shows the eMS application interface. The main menu is titled 'Application Form' and includes a 'Project Budget' option, which is highlighted with a red arrow. Below the menu, there is a 'Partner List' table with the following data:

Number	Name	ROMANIA	Abbreviation	Role	Budget
1	RO Partner	ROMANIA	RO P	Lead Partner	Define Budget Define Contribution
2	HU Partner	ROMANIA	HU P	Project Partner	Define Budget Define Contribution

Note: For each partner, you should define BOTH the budget AND the contribution (match funding)! Remember that the project costs and the project finances should balance. You can check this on the tab "Project Budget Overview".

All costs for each partner must be entered per period and per work package.

Before you enter any costs, please double check that the reporting periods are correct!

E.2. Activities Outside¹³

The screenshot shows a web browser window displaying the 'Application Form' for project ROHU16. The breadcrumb navigation includes: Project Summary > Partner > Project Description > Workplan > Project Budget > Project Budget Overview > Attachments. The 'Project Budget' menu is open, showing options for Partner Budget, Activities Outside, and Project Breakdown Budget. The 'Activities Outside' section is active, featuring a 'SAVE' button and a 'Generated Files' list. Below the list, there are input fields for 'Total Budget' (0.00), 'Erdf Outside' (0.00), and 'Of Total Erdf' (%). The system status bar at the bottom indicates the user is logged in as 'user3 bihorf' on 6/29/2016 at 1:13 PM.

In this section, you will define the activities outside eligible area (if there are) and the related budget. Describe the location and how these activities will benefit the programme area. What is the added value of activities to be carried out outside (the Union part of) programme area?

Fields name	Fill in instructions
Project sphere	Select the area where your project activities will take place
Comments	Give some details on the location and activity
Activities Outside	Give details on the location and activities outside the eligible area
Total budget	Fill in with the total allocated amount for the activities in question
ERDF Outside	Fill in with the ERDF allocated amount for the activities in question

Section G: Attachments

The applicants can upload documents into eMS.

Click on the  button to add new attachments.

The size of the file to be uploaded cannot exceed 50MB.

Not any format file can be uploaded!

The files extension recognized by eMS are: gif, jpeg, png, tiff, doc, docx, pdf, xls, xlsx, ppt, pptx, mp4, mov, avi, wmv, zip, rar.

Please click SAVE button before leaving the page!!!

PART E - Submitting the application

After completing the application form and attaching all necessary supporting documents, **you are recommended to save it as a Pdf File (menu item)**

Please verify it thoroughly!!!

Any mistake in filling in the AF observed after the submission of AF cannot be rectified and will lead to a lower score in assessment phase.

The screenshot shows the 'Application Form' for project ROHU16. The left sidebar contains a 'SAVE' button and a 'General' menu with 'Save As Pdf File' circled in red. The main form area is titled 'Project Summary' and includes a breadcrumb trail: Project Summary > Partner > Project Description > Workplan > Project Budget > Project Budget Overview > Attachments. The 'Project Identification' section contains several dropdown menus and text input fields. The 'Project Summary' section includes a 'Short Overview' text area with a rich text editor toolbar.

Before you are able to submit your application, you will need to click on **“Check Saved Project”** to activate the automatic checks. If any issues are found, such as missing or wrong data, you will need to correct this before you can save and check it again.

Only after all checks are okay, you will be able to submit your application by clicking the  Submit Checked Project button.

If the application is successfully submitted a message will be displayed on the screen.

After submission, you as the Lead Applicant will receive an automatic email confirmation.

Once submitted you are not able to make further changes to your application.

Note: You can submit the application until the time and date of the call deadline, Bucharest time (EET). Please take time zone differences into account!!!

After submitting the application the Lead Applicant will see the project status in the column "Project state" of the table "List Of Projects" as **Subm = Submitted**.

Now the application will enter in the assessment phase (Administrative and Eligibility Check) by the Assessment Working Group, while the Lead Applicant can check the status of the application

in the eMS (*My projects* section) and answer to the clarifications send by the members of the Assessment Working Group.

Please note that the clarifications will be send officially using the email section of the eMS as an attached letter of clarification and the Lead Applicant will respond only through email from eMS. Errata, amendments to the Application package which will be sent after the deadline without being explicitly requested shall not be considered.

We strongly advise you to keep an eye on your eMS email in order to be able to respond to any clarifications may be requested during the assessment phase!

PART F - Help and Technical Support

For any problems you might experience with the eMS, please contact the Joint Secretariat at joint.secretariat@brekoradea.ro or by telephone at +40 259 473 174 or +40 359 436 529 during office hours¹⁵.

Please note that the JS has maximum two days to respond to your request after the receipt of your email or phone.

In case of specific errors we will forward your problem to the INTERACT team!!!

¹⁵ Office hours means between 9.00 – 17.00 (EET)

Reporting form 1

The reporting form for errors (bugs) and malfunctions occurred in the system

To: joint.secretariat@breacoradea.ro

Subject: Reporting errors for eMS

Allow me to inform you of the error (bug) or eMS system malfunction, detected by the user
..... (the user name from eMS system), regarding the module / function
/ screen / section / field.

The error (bug) or failure lies in. and it was
triggered by following action:
.....

(Please attach the „ print screen” with the error message in and jpg format file)

Best regards,

(Please fill in the details of the contact person)

Reporting form 2

The reporting form for providing user support on using the eMS system

To: joint.secretariat@brecoradea.ro

Subject: providing user support on using the eMS system

Please provide assistance for the user. (the user name from eMS system),
regarding the using of the module / function / screen / section / field.

.....
in order to perform the action.
.....
.....

Thank you,

(Please fill in the details of the contact person)
