Online submission system

If you decide to apply your project for financing under our programme, you will have to submit your application online through a dedicated online platform, called **eMS** (*electronic monitoring system*) and accessible at the following URL:

<http://ems-rohu.mdrap.ro/app/main?execution=e1s1>

Also, this system will be used for assessment, contracting, sending and validating expenditures and approving progress reports of the partners and project. Your project's implementation will be monitored through this online platform.

Technical information and system requirements

The eMS is a web application which can be accessed with recent versions of most common browsers (e.g. at least Internet Explorer 11, Firefox 35, Chrome 39).

The functionality of the system follows the common standards of web applications for entering and submitting form data.

Please pay attention to the following important aspects that have to be remembered when filling in the AF:

- ✓ The eMS does not provide any warning or request of confirmation before leaving a section of the AF or before logging out;
- ✓ Always remember to save the data before leaving any section in the AF (Save button on upper left corner  or at the end of the page  otherwise data will be lost!;
- ✓ When filling in longer sections, please remember to regularly save data, in order to avoid losing data in case of interruptions of the internet connection or other technical issues;

- ✓ **Do not use the “Enter”** key in the forms as it may lead to unexpected results. Always use the commands provided by the eMS interface;
- ✓ The generation of pdf files might take some time. Please wait until the pdf-file appears in the file browser or in a new window. Activating the pdf generation again might slow down the system;
- ✓ Some fields in various (sub-) sections will be automatically filled in (grey cells) by the system by using data inserted in other sections of the AF or which are automatically calculated;
- ✓ To a certain extent, it is possible for different users to work in parallel (at the same time) on the same AF, but when the users are working in parallel, they have to be sure that they are not working in the same section or sub-section (in case that more than one applicant is filling in the AF). Filling in the AF by more than 1 user is not recommended at the same time!

PART A – Registration

To use the eMS, the **Lead Applicant or applicant** must register and activate a user account as follows:

1. To register, go to <http://ems-rohu.mdrap.ro/app/main?execution=e1s1> and click on the button  **Register** .

The person registering should be preferably the contact person or the project manager of the Lead Applicant institution/organization.

The screenshot displays the eMS (electronic monitoring system) login and registration interface. The browser address bar shows the URL <http://ems-rohu.mdrap.ro/app/main?execution=e1s1>. The page includes a sidebar with navigation links for Login and Registration. The main content area features a login form with fields for Username and Password, and buttons for Login, Register, and Forgot Password. The Register button is highlighted with a red circle. Below the login form, there is a disclaimer and registration instructions. The page also features logos for Interreg Romania-Hungary, eMS, and INTERACT.

Disclaimer:

Please note! This instance of e-MS is only for testing.

Registration of the users:

- The users have to register themselves in e-MS according with the Registration form (click on " Register" button).
- The username registered in the system should be **firstname.lastname**
- The E-mail registered in the system should be the official address (e.g. **firstname.lastname@mdrap.ro**)
- To activate the account click on the link sent automatically by the system on e-mail.
- Activated user has a default role of Applicant in the e-MS system and this role can be changed by the administrators of the system according with the job description of the user. In case you are not an applicant please contact MA or JS administrators in order to change the role.

Please be very careful of what password you are using for login, keep this password confidential in order to protect unauthorized access of your account taking into consideration this system is online!

TO SEE HOW TO USE THE SYSTEM PLEASE CONSULT THE "eMS screencast" PUBLISHED BY INTERACT ON YOUTUBE:

Username	firstname.lastname
Email *	firstname.lastname@mail.
Password *	*****
Password Again *	*****
Firstname *	Firstname
Lastname *	Lastname
Title	expert / institution
Language	EN ▼

 Register

- *Username*: will be used to log in the eMS. It can be freely chosen by the registering person, but we strongly recommend to have this format ***firstname.lastname*** in order to be easily to remember;
- *E-mail*: the email address of the contact person from Lead Applicant or applicant. The E-mail registered in the eMS must be the active and official address (e.g. ***firstname.lastname@mdrap.ro***);
- *Password*: the password used to access the system should be a strong and complex one (a combination of alphanumerical characters and symbols).

- *First name/Last name:* Personal information of the contact person from the Lead Applicant or applicant;
- *Title:* The title and the institution you are working for
- *Language:* English is the pre-defined programme's official language. It cannot be changed.

Following the registration, the Lead Applicant institution/organization must send an official email (an official address from the institution email) to joint.secretariat@brecoradea.ro to inform the JS about the new user and to request the activation of it. The minimum required information are: firstname and lastname, telephone and email of the person designated to use the new user.

Please be aware that only those users who are respecting the required format of the username will be activated!!!

Upon registering and accessing the system, the user agrees to the terms of service for using the eMS.

3. After clicking the “**Register**” virtual button, the system automatically generates an e-mail (on successful submission) with the necessary instructions that will be sent to the e-mail address provided during the registration process. To activate the account follow the instructions in the message to confirm the registration.

Hello,

In order to activate your account please click the following link:

Please note that only the Lead Applicant can create and submit an application. The applicant can read or add/modify data in the AF, only if the Lead Applicant gives the necessary permissions.

PART B – Login

1. After fill in the *Username* and *Password*, the user has to click on the  Login button to enter in the Dashboard;

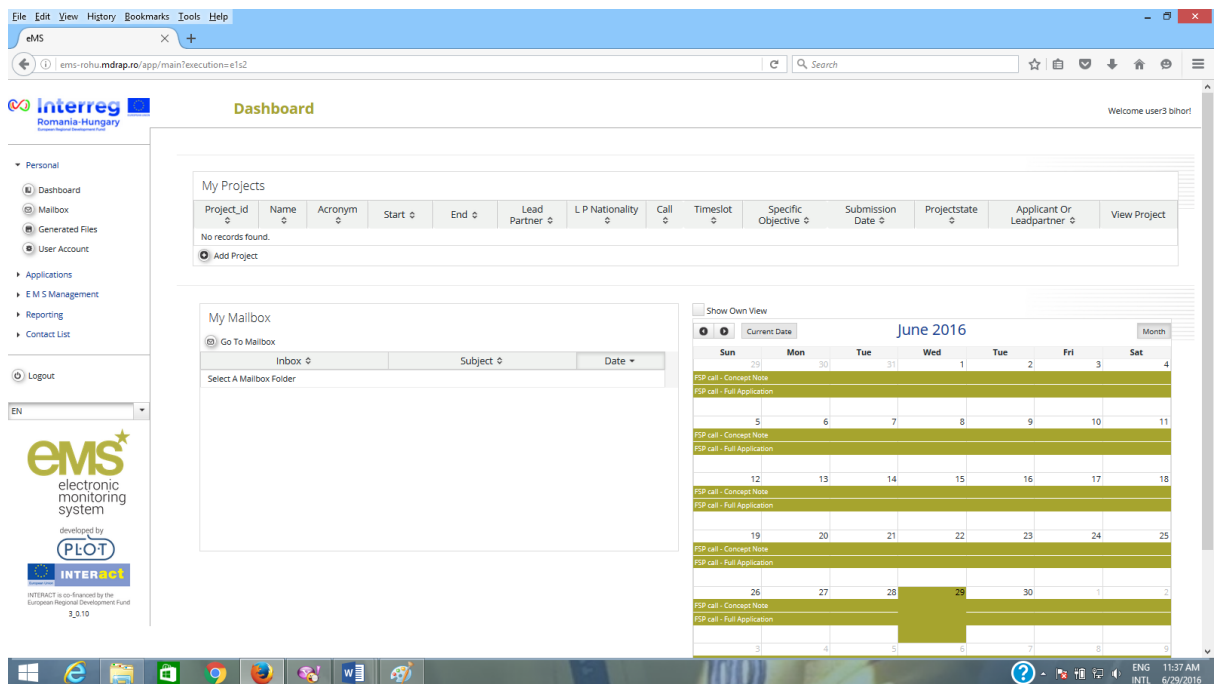

Username* firstname.lastname

Password*

✓ Login + Register Password required

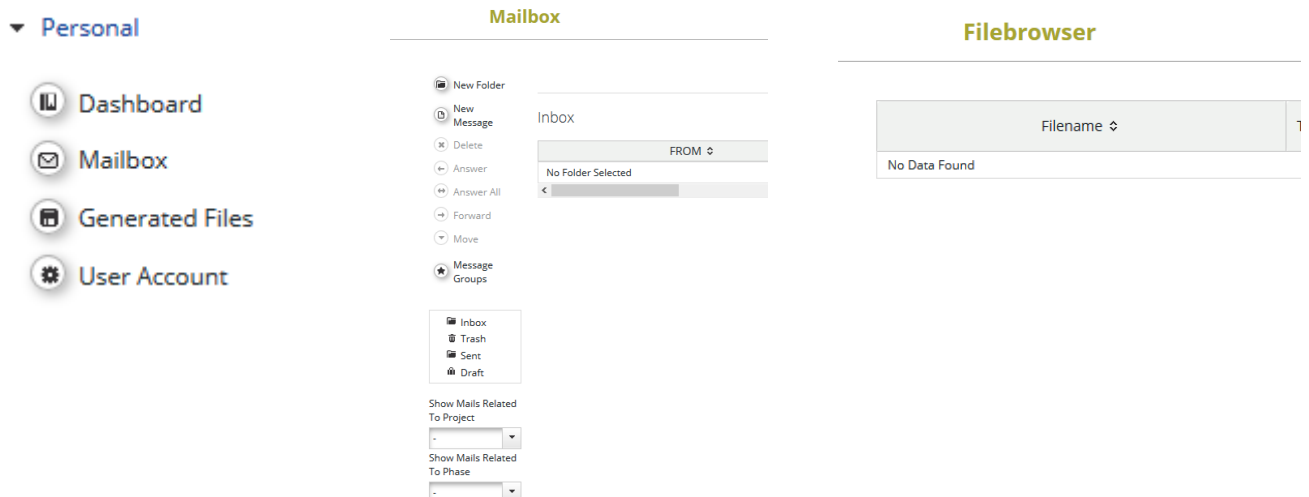

2. The first page accessed by the user of the Lead Applicant or applicant is the dashboard, where the user can find the following sections:

➤ **Menu:** placed in the left side of the screen, it has at least 3 items visible: *Personal*, *Applications* and *EMS Management*:

i. **Personal** menu has 4 functions available:

- **Dashboard** – by clicking on the  **Dashboard** button it shows dashboard;
- **Mailbox** – by clicking on the  **Mailbox** button it goes to the Mailbox window, from where the user of the Lead Applicant or applicant can use the internal mail function of the eMS as a normal e-mail, with the remark that the senders and receivers must be internal users of the system;

- *Generated files* – accessed by clicking on the button
This section shows in pdf format a report generated by the system based on a template that presents all the AF data recorded in the eMS;
- *User account* – can be accessed by clicking on the button  **User Account**
In this section the user can update his information (except the Username and email which cannot be changed by the user), change password, configure mail signature and dashboard.

ii. **Applications** menu has 2 functions available:

- *My applications* – by clicking on the button  **My Applications**
the system goes to the projects list added by the Lead Applicant in the eMS;
- *Bookmarked applications* - by clicking on the button  **Bookmarked Applications**
the system shows only the projects already bookmarked using the button  **Bookmark** from the last column of the projects list.

- iii. **EMS Management** menu contains the function Calls. Clicking on the button  **Calls** it shows both the open and closed calls.

Calls

Name ↕	Start ↕	End ↕	Description ↕	Attachments

Call test 2	01.03.2016	31.03.2017	call test 2		Apply

Please note that the Lead Applicant can submit the saved project's AF only if the call is still open!

Applicants are advised not to submit their AF at the very last minute before the closure of the Call. Submission will no longer be technically possible after the announced deadlines of the Call. As submission is feasible from any internet connection, no exception to this rule will be granted.

- *My projects:* a section where the Lead Applicant is able to add a new project by clicking on the button and sees his projects already recorded in the eMS.

- *Calendar:* this section shows the current date and the open calls marked with the yellow line and name.

PART C – How to add a Project

1. In order to add an application (project) in the eMS, the **Lead Applicant** shall go to the Dashboard and in the section My projects will click on the button  **Add Project**

The system will open the Call function from where the applicant will choose the appropriate open Call (the button  **Apply** is active) and click on it to open the AF.

Calls

Name	Start	End	Description	Attachments	
Call test 1	09.03.2016	30.03.2016	Call test		
Call test 2	01.03.2016	31.03.2017	call test 2		

2. After click on the **"Apply"** virtual button, the system will open the AF section with a save button  **SAVE**, two menus *General and Management* in the left side of the screen and sections (tabs) of the AF in the upper part.

- i. **General menu** includes the following functions: *Save As Pdf File, Check Saved Project, Generated Files, Project History, Attachments, User Management, Bookmark Project, Toggle tree, Help and Exit.*

- **Save As Pdf File** – by clicking on the  **Save As Pdf File** button the system generates a pdf file that brings all the data found in the AF. The system will inform the user with the message and the file can be found in the Generated Files section;

Please note that the creation of a pdf might require some time and consequently the pdf of the AF will appear in the file browser only after a certain time. Please wait until the pdf is available and do not press the “save as pdf file” button repeatedly, because this might slow down the eMS. Also, please note that you can create a pdf file of the AF at any time of its development!

- **Check Saved Project** – by clicking on the button  **Check Saved Project** the system performs several automatic checks of the formal requirements if there is the case. If all automatic checks are successfully passed, the message will be displayed;

Please note that in the case of automatic checks showing deficiencies, the system indicates an error message on top of the page and the user should amend the AF accordingly.

ii. Management menu has only the function of deleting the project at this stage

 **Delete Project**

Please note that the applicant cannot delete the application after submission!

After the Lead Applicant (or other user with granted access) fills in all the sections and subsections of AF, the application has to be checked by clicking on  **Check Saved Project** the button and then submitted by  **Submit Checked Project**

If any issues are found after clicking button  Check Saved Project such as missing or wrong data, you will need to correct this before you can save and check it again.

Before submitting the application the system will pop up a confirmation message to warn the Lead Applicant that process is irreversible.

A confirmation dialog box titled "Confirmation" with a close button (X) in the top right corner. The text inside asks "Are You Sure". Below the text are two buttons: "Yes" with a checkmark icon and "No" with an X icon.

Also, the Lead Applicant will be notified by e-mail that the application was successfully submitted.

Please note that only the user who initially created the AF (i.e. the Lead Applicant) can submit the AF of the project.

The AF which has been successfully submitted is final and cannot be changed anymore (it will only appear in read-only mode in the system).

You can submit the application until the time and date of the call deadline, Bucharest time (EET). Please take time zone differences into account!!!

PART D – How to fill in the application form (AF)

The AF has to be filled in English as this is the working language of the programme.

The structure (and content) of the AF is as follows:

1. *Project Summary*
2. *Partner*
3. *Project Description*
4. *Workplan*
5. *Project Budget*
6. *Project Budget Overview*
7. *Attachments*

Please note that in order to fill in the AF the Lead Applicant has to follow the arrows, section by section (starting with the Project Summary section and finishing with the Attachments)!

Section A: Project Summary

This is the starting point for the application form. The application will not be created until this first tab in the application form has been completed and saved. You will then have access to the other tabs.

After completing the first tab “Project summary”, click on **“Save”** button in the top-left corner.

Section C.4 Horizontal Principles

The screenshot shows the 'eMS' application interface. The top navigation bar includes 'File', 'Edit', 'View', 'History', 'Bookmarks', 'Tools', and 'Help'. The browser address bar shows 'ems-rohu.mdrap.ro/app/main?execution=e1s11'. The page title is 'Application Form' for 'ROHU16'. The user is logged in as 'user3 bihor'. The breadcrumb navigation shows: 'Project Summary' > 'Partner' > 'Project Description' > 'Workplan' > 'Project Budget' > 'Project Budget Overview' > 'Attachments'. The 'Project Description' tab is active. The 'Horizontal Principles' section is highlighted with a red arrow. It contains three text input fields, each with a dropdown menu for 'Sustainable development (environment)', 'Equal opportunity and non-discrimination', and 'Equality between men and women'. Each field has a '255 Characters Remaining' indicator. A 'Save' button is located at the bottom of the section. The left sidebar contains a 'General' section with options like 'Save As Pdf File', 'Check Saved Project', 'Generated Files', 'Project History', 'Attachments', 'Modification Request', 'User Management', 'Bookmark Project', 'Toggle Tree', 'Contacts', 'Help', and 'Exit'. A 'Management' section includes 'Logout'. The bottom status bar shows 'ENG INTL' and the date '6/29/2016'.

The horizontal principles must be incorporated in every project and at all stages. Understanding and demonstrating equality issues and sustainability is highly relevant to all applicants and will influence the assessment process.

Fields name	Fill in instructions
Sustainable Development (environment)	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Equal opportunity and non-discrimination	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.
Equality between men and women	Please list your project's contributions to the horizontal principle, and indicate whether your choice is neutral or positive.

Section C.5 Project Risks

The screenshot shows the eMS Application Form interface. The breadcrumb navigation at the top includes: Project Summary > Partner > **Project Description** > Workplan > Project Budget > Project Budget Overview > Attachments. A red arrow points to the 'Project Risks' link in the left sidebar. The main content area is titled 'Project Risks' and contains a 'Description' section. Under 'Risk 1', there are input fields for 'Start Date', 'End Date', 'Riskimpact' (set to 'low'), and 'Risklikelihood' (set to 'not likely'). Below these are text areas for 'Title', 'Project Description' (with a 255 character limit), and 'Project Mitigation' (also with a 255 character limit). At the bottom right of the form, there are buttons for 'Delete Risk' and 'Add Project Risk'. The left sidebar contains various menu items like 'General', 'Management', and 'Logout'.

Fields name	Fill in instructions

Risk mitigation	Please describe the project risk mitigation

Section D: Workplan

Section D.1. Work Package List

The screenshot shows the eMS Application Form interface. The 'Workplan' tab is selected, and a dropdown menu is open, highlighting 'Workpackage List'. The 'Workpackage List' section includes a 'PREPARATION' area with a 'Create Preparation' button, a 'MANAGEMENT' area with a 'Management' button, and a 'Timeline' section. The timeline shows dates from June 29 to July 5, 2016, with a row for 'WP M: Project Management (Management)'. The interface also includes a sidebar with navigation options and a top bar with the 'Interreg Romania-Hungary' logo and 'ROHU16' project identifier.

In addition to project description in Part C, all projects are requested to submit a description of the different work packages that the project partners have developed to structure their activities. The information entered in this section will form the basis for the project monitoring.

One standard work packages have been pre-defined:

□ Work package 1, “Project Management”, consists of operational and strategy activities such as governance, daily management of the project and reporting and monitoring.

To edit the work package, click on the magnifying glass.

Work packages 2-7 are project specific, and should include descriptions of all other activities.

After filling in the work packages, a Gantt chart will appear at the bottom of this page. This is considered to be an indicative plan and the Joint Secretariat will exercise flexibility (within reasonable limits) when monitoring project activities.

Work Package Preparation²

To activate the Work Package Preparations please click on the **q** sign (magnifying glass)

The screenshot shows the eMS Application Form interface for project ROHU16. The 'Workplan' tab is selected in the breadcrumb navigation. The 'Workpackage List' section contains a 'PREPARATION' section with a 'Create Preparation' button and a magnifying glass icon. Below this is a 'MANAGEMENT' section with a 'Management' button and date pickers for 'Jun 2016' and 'Jun 2016'. A 'Timeline' section shows a Gantt chart for the period from June 29 to July 5, 2016, with a task 'WP M: Project Management (Management)'.

The screenshot shows the eMS Application Form interface for project ROHU16, specifically the 'Preparation P' details. The 'Wp Details' section includes 'Project Preparation' and 'Wp Start' (November 2016) and 'Wp End' (November 2016). The 'Partner' section shows 'Partners Involvement Section' with a table listing partners and their roles. The 'Summary' section includes a 'Summary Description' text area.

In this section, you will define the reporting periods for the project. Important: the reporting periods form the basis for the project budget. If you do not create any periods, you cannot enter the project budget!

The reporting periods depends on project implementation period. Further to this, if you create the periods incorrectly (i.e. too many or too few periods), this will have major consequences for entering the budget data

Fields name	Fill in instructions
Add	Please click the + sign to create a new reporting period.
Start Date (automatic)	Period 0 represent preparation period ⁸ . Period 1 starts with the project start date. Note: when you change the project start date, you have to refresh the reporting periods by clicking on "Recalculate Periods"
End Date	The end date should be set 3 month for projects under 18 months and 4 month for projects exceeding 18 months. The final period ends with the project end date.
Reporting Date	The reporting date is 15 working days after the end date of the reporting period. Note: the reporting date for the final report is 30 working days after the project end date!!!

⁸ Some Calls do not allow the preparation period (e.g. FA)

Section E: 1-3. Project Budget

Only after all checks are okay, you will be able to submit your application by clicking the "Submit checked project" virtual button.

The screenshot shows the 'eMS' application form for 'ROHU16'. The left sidebar contains a 'Submit Checked Project' button, which is highlighted with a red circle. The main form area displays 'Project Identification' details, including 'Programme Priority' (PA2 - Improve sustainable cross-border mobility and remove), 'Specific Objective' (S07/b Improved cross-border accessibility through connecting secondary and tertiary nodes to TEN-T infrastructure), 'Project Acronym', 'Project Title', 'Name Of Lead' (RO Partner), 'Project Duration' (12 Month 0 Days), 'Start Date' (01.11.2016), and 'End Date' (31.10.2017). A 'Successfully Checked' message is visible in the top right corner.

If the application is successfully submitted a message will be displayed on the screen.

After submission, you as the Lead Applicant will receive an automatic email confirmation.

Once submitted you are not able to make further changes to your application.

Note: You can submit the application until the time and date of the call deadline, Bucharest time (EET). Please take time zone differences into account!!!

After submitting the application the Lead Applicant will see the project status in the column "Project_state" of the table "List Of Projects" as **Subm = Submitted**.

Now the application will enter in the assessment phase (Administrative and Eligibility Check) by the Assessment Working Group, while the Lead Applicant can check the status of the application

in the eMS (*My projects* section) and answer to the clarifications send by the members of the Assessment Working Group.

Please note that the clarifications will be send officially using the email section of the eMS as an attached letter of clarification and the Lead Applicant will respond only through email from eMS. Errata, amendments to the Application package which will be sent after the deadline without being explicitly requested shall not be considered.

We strongly advise you to keep an eye on your eMS email in order to be able to respond to any clarifications may be requested during the assessment phase!
