

Project code	ROHU-128
Project title	Eco trans system - eco-friendly cross border transport in Socodor Ketegyhaza area
Priority axis	2 - Improve sustainable cross-border mobility and remove bottlenecks (Cooperating on accessibility)
Investment priority	7/c - Increased proportion of passengers using sustainable – low carbon, low noise – forms of cross-border transport
Objective	Increasing the share of persons crossing the Romanian-Hungarian border through the use of non-polluting means of transport, respectively bicycles, combined with the use of less public transport, so as to ensure both the autonomy of the passengers, the level reduced costs and a reduction in noxious emissions from transport means.
Partnership	Lead Beneficiary: Socodor Commune (Romania)
	Project Beneficiary: Kétegyháza Administration (Hungary)
TOTAL Budget	€ 1,481,134.00, out of which ERDF € 1,258,963.90
Summary	<p>The following activities are foreseen to be implemented within the project:</p> <ul style="list-style-type: none"> - organization of joint workshops for the elaboration of the regulation of the functioning of the alternative common ecological cross-border transport system - adoption of regulation in the joint meeting of local councils - organizing cycling competitions - promotion - purchase of bicycles - administration of the bicycle park that includes maintenance, repair tracking and relocation works - realization of technical documentation

- investment execution "Bicycle tracks improvement in Socodor Commune, Arad County" and in Kétegyháza

Project results:

- the rate of increase in the use of public transport and bicycles for cross-border transport needs
- number of people using public transport and bicycles. Indicators at the beginning of the project and at the end of the project. It will show the success rate of the project and will allow replication of the project on a larger scale and in other border areas
