Project code	**ROHU-297**
Project title	A Cross-Border Open Model of A Digital Museum Database
Priority axis	6 - Promoting cross-border cooperation between institutions and citizens (Cooperation of institutions and communities)
Investment priority	11/b1 - Promoting legal and administrative cooperation and cooperation between citizens and institutions. Cooperation for institutions.
Objective	The main overall objective of the project is to raise the level of cooperation of institutions in the Romanian and Hungarian cross-border areas. This objective corresponds to the projects priority axis PA6 (Promoting cross-border cooperation between institutions and citizens {Cooperation of institutions and communities}), as it enhances the level of existing cooperation as well as involves institutions and organizations that have not participated in cross-border cooperation programmes before. To successfully implement the joint activities ongoing communication, sharing of knowledge and experience is required by each partners. Long-term cooperation is ensured by the planned activities characteristics: the implementation of a database is the first step in maintaining the entire system and constantly expanding it by adding new data; the international conference is expected to have a multiplying effect; the virtual exhibitions and the use of holograms enable the promotion of the realized outputs.
Partnership	Lead Beneficiary: Jósa András Museum (Hungary)
	Project Beneficiaries: County Museum of Satu Mare (Romania) "Alexandru D. Xenopol" Arad County Library (Romania) Municipality of Csenger (Hungary) Geszteréd Aranyszablya Society (Hungary) Administrativ Territorial Unit, Tasnad Town, Satu Mare County (Romania) Territorial Administrative Unit, Vetiș Comune, Satu Mare County (Romania)
TOTAL Budget	€ 390,775.00, out of which ERDF € 332,158.75
Summary	The following activities are forseen to be implemented within the project: - developing a digital model for public collections (research, purchase of equipments and training) - practical applications of digital museums (workshops, education and awareness-raising, preparation of Cultural Guides, monographies and brochure, Modernised and virtual exhibitions - workshops

	Project results:
	- the six partners involved will have at least 4 physical meetings during the implementation, in the form of professional workshops, where experts from all sides come and share ideas and experiences
	- numerous publications will be produced, as well as significant development in the presentation and attraction of cultural heritage sites and collections at all 6 partners. These, together with the coordinated communication activities of the project, will generate new cross-border cultural tourism visits
	- an integrated local pool of experts and cultural managers, with a potential to sustain and expand the project results, generating even more cross-border interaction in the future
